FAMILY MEDICINE
RESIDENCY PROGRAM
Caring for the whole person, the whole family, and the whole community.

How to Apply

The LifeLong Medical Care Family Medicine Residency Program is newly accredited by the Accreditation Council for Graduate Medical Education (ACGME). We offer six positions each year. Our inaugural class will begin in July 2020.

Applicants can apply through the Electronic Residency Application Service (ERAS). Applicants must register through the National Resident Matching Program (NRMP). Our NRMP program code is 2217120C0. Applicants are selected through the NRMP. Applicants must be either United States Citizens or permanent residents. We currently do not sponsor any visas.

Applications are reviewed as they are received. The deadline for applications is December 1, 2019. Interviews are conducted from October through January.

We require a complete (ERAS) application, which includes the following:

• ERAS Application
• Official Transcript
• Curriculum Vitae
• Personal statement

FOREIGN MEDICAL GRADUATES
• Please note that graduates from foreign medical schools will need to provide their ECFMG Certification to be invited to interview.

• U.S. clinical experience is strongly recommended. Letters of recommendation from these experiences are very helpful.

MINIMUM SCREENING REQUIREMENTS
• It is the applicant's responsibility to make sure the application in ERAS is complete.

• All applicants must have graduated from medical school within the last 4 years.

SPECIAL INSTRUCTIONS
Please complete all demographic information requested. At least one of your three letters of reference should be from family medicine. Letters of reference should address the following areas: commitment to patient care, quality of clinical skills, interpersonal skills, enthusiasm for self-learning and ability to function as a team member in the delivery of health care.

PERSONAL STATEMENT
Please write a thoughtful statement that tells us about you, why you have chosen family medicine, your commitment to caring for underserved populations, and what special attributes you would bring to our residency.
